

# If Not Me, Then Who?

## Building Healthy Communities and Local Food Systems One Conversation at a Time

Join us for a keynote address from urban farmer Will Allen of *Growing Power* (and featured in the documentary film *FRESH*), workshops on permaculture, edible backyards, contemplative hiking, place-based exercises celebrating the bounty and beauty of the Pacific Northwest, networking, and inspiring workshops on food, health, building community, discussion group organizing, Jefferson

County's annual Farm Tour and more.

*"This much is clear to me. If I can't change my own life in response to the greatest challenge now facing our human family, who can? And if I won't make the effort to try, why should anyone else? So I've decided to start at home, and begin with myself. The question is no longer whether I must respond. The question is whether I can turn my response into an adventure..."*

— Kurt Hoelting, author of *Circumference of Home* and workshop presenter at NWEI's 2011 Gathering
